This is what Eric Asimov has to say about Frog's Leap...

"...wines of balance and restraint that are a direct link to Napa's past, when wines like the Inglenook forged the region's reputation as a source of great cabernet sauvignon wines."

"...subtle and nuanced. They're easy to drink with a meal and rewarding, especially for one who has despaired of finding Napa cabernets that are table wines, not jammy fruit bombs that overwhelm food."
