

FROG'S LEAP

2010 CHARDONNAY
Napa Valley

Vibrant acidity is the defining character of this beautiful wine. Bright flavors of citrus and stone fruit are layered over a taut frame that is underscored by touches of mineral and flint. Its complexity and mouthfeel comes from delicate contact with its primary fermentation lees rather than from extended time in oak barrels. The perfect match to a dozen briny oysters or, just maybe, a second refreshing glass.
